Tints of Nature – Seal and Shine Ingredients

- ❑ **Aqua (Purified, De-ionized Water)**
This is normal water that has been filtered and treated to remove metallic ions and other impurities. At the same time, this process kills any existing micro-organisms
- ❑ **Propylene Glycol**
Derived from mineral sources, this acts as a conditioner and humectant.
For further information about this ingredient, please see separate sheet
- ❑ **Polysorbate - 20**
A naturally derived anti-static and conditioning agent
- ❑ **Adiantum Capillus Veneris (Maidenhair Fern) Extract.**
A botanical extract of the Maidenhair Fern. Improves hair gloss and conditions
- ❑ **Hydrolysed Wheat Protein**
Naturally derived from wheat, this conditions and moisturizes the hair
- ❑ **Quaternium - 80**
A coconut based hair glossing agent and conditioner
- ❑ **Magnesium Sulfate**
An anti-oxidant
- ❑ **Quaternium - 22**
An anti-static and conditioning agent
- ❑ **Certified Organic Aloe Barbadensis (Aloe Vera) Extract**
A botanical extract of the Aloe plant. Acts here as a conditioner, moisturizer and anti-inflammatory agent
- ❑ **Certified Organic Symphytum Officinale (Comfrey) Extract**
A botanical extract of the Comfrey plant. Used here as a soother and moisturizer
- ❑ **Certified Organic Citrus Grandis (Grapefruit) Extract**
A naturally derived extract used here for its moisturizing and anti-oxidant properties
- ❑ **Certified Organic Citrus Dulcis (Orange) Extract**
A naturally derived extract used here for its moisturizing and anti-oxidant properties
- ❑ **Parfum**
Product fragrance containing natural elements
