

tints of nature

Tints of Nature – Sulfate Free Shampoo Ingredients

- ❑ **Aqua (Purified, De-ionized Water)**
This is normal water that has been filtered and treated to remove metallic ions and other impurities. At the same time, this process kills any existing micro-organisms
 - ❑ **Cocamidopropyl Betaine**
A gentle cleansing agent derived from coconut oil. Also acts as a foam booster and product thickener
 - ❑ **Lauryl Glucoside**
A powerful but easily biodegradable grease cutting agent derived from coconut oil and corn. Acts here as an anti-static agent as well as a conditioner
 - ❑ **Propylene Glycol**
Derived from mineral sources, this acts as a conditioner and humectant.
For further information about this ingredient, please see separate sheet
 - ❑ **Propylene Glycol Oleate**
This acts as a product thickener.
 - ❑ **Disodium Cocoamphodiacetate**
An extremely mild surfactant made of coconut oil derivatives
 - ❑ **Certified Organic Aloe Barbendensis (Aloe Vera) Extract**
A botanical extract of the Aloe plant. Acts here as a conditioner, moisturizer and anti-inflammatory agent
 - ❑ **Certified Organic Anthemis Nobilis (Chamomile) Extract**
A botanical extract of the Chamomile plant. Used here for its anti-oxidant and anti-inflammatory properties
 - ❑ **Panthenol**
A non-toxic, non-irritating source of Vitamin B. It is plant derived and acts as a moisturizer
 - ❑ **Glucose**
 - ❑ **Glucose Oxidase**
 - ❑ **Glucose Lactoperoxidase**
 - ❑ **Laureth-2**
A solubilizer derived from palm fatty acids
 - ❑ **Parfum**
Product fragrance containing natural elements
- Components of a natural preservative system
